

The 5th International Conference Buddhism & Australia
18-20 February, 2016
Perth, Western Australia

CALL FOR PAPERS

The IC Buddhism & Australia is pleased to invite abstracts for panel sessions and individual papers for the 5th International Conference Buddhism & Australia

This conference is a platform for scientists and Buddhists to present their recent and latest researches on Buddhism; to complete each other's views and consider future directions of Buddhism in changing times.

The main themes this year are

- * Buddhist Cosmology
- * Transforming Buddhism
- * Online Buddhist studies

The organizers are also open to proposals for contributions on Buddhist history, philosophy, texts as well for proposals on any related theme.

Important Dates

Proposals should be submitted by October 20, 2015 to the following email: info@buddhismandaustralia.com (eg.estoniannyingma@gmail.com)

A full draft paper should be submitted by January 20, 2015

All Buddhists, scholars and members of the general public interested in Buddhism are invited to present their papers in this coming conference. Researchers across a broad range of disciplines are welcomed as well the submission of pre-formed panel proposals.

We acknowledge receipt and answer to all proposals submitted. Please use another email (estoniannyingma@gmail.com) if you have not received submission confirmation from us.

For more detailed information, please visit: www.buddhismandaustralia.com

The International Conference Buddhism & Australia 2016 is also the 10th annual academic Buddhism conference, organized by Vello Vaartnou and Estonian Nyingma, and is an important milestone in progressing towards Buddhist studies.

Estonian Nyingma's conferences have brought together scientists and Buddhists since 2007, when the first international Buddhism and Nordland conference was held in Europe; the same tradition continues in Perth, Western Australia, with the international conferences Buddhism & Australia .
