First independent report into UK Hajj industry

The first independent report into the UK Hajj industry reveals a sector that is rapidly expanding and changing – and becoming increasingly expensive for British Muslims

It would be very helpful indeed to have feedback to support this work going forward. The idea is that the report will feed into the sector's preparations for Hajj in 2020, in particular the work of my community partner, the [Council of British Hajjis](#), which is the Secretariat for the new All-Party Parliamentary Group on Hajj and Umrah.
