

**Call for papers:**

The journal *Wekufü* emerges as the first publication dedicated exclusively to the Sciences of Religions in Chile, stemming from the [Chilean Society for the Sciences of Religions](#), its objective being the diffusion of academic works in this area.

We welcome unpublished research articles and book reviews in Spanish and English for our first volume. Articles must not be currently under revision for another journal or book. The theme of this volume is free. Articles need to be situated within the field of Sciences of Religions and Religious Studies while abstaining from having any confessional or theological underpinnings.

Wekufü does not charge for the sending of pieces, or publication quotas for the articles.

The deadline for sending articles is the 20th of January 2019. Prospective texts have to be sent according to our [author guidelines](#) to the following address: [edicion@wekufu.cl](mailto:edicion@wekufu.cl)
